TSI

COMPLETE VOLUME 1 CONTENTS

TECHNOLOGY AND SCIENCE OF INFORMATICS

VOLUME 1, No. 1, 1983

- Editorial (B. Meyer) 7

Survey

- J.-L. LAURIERE
  Knowledge representation and use
  Part 1: Expert systems 9

Applications

- P. BRANQUART, G. LOUIS, P. WODON
  Aspects of CHILL, the CCITT language 27
- P. d'ANFRAY
  Generation of subroutines which interpolate point-defined functions .. 37

Research

- C. KAISER
  Mutual exclusion and priority scheduling 41
- M. A. LANGSTON
  Improved LPT scheduling for identical processor systems 51
- J. C. SYRE, D. COMTE, N. HIFDI, B. PELOIS, P. BERGER
  The LAU system: a single assignment multiprocessor 59

- Book reviews 73
- Bulletin 76

COMPLETE VOLUME 1 CONTENTS

TECHNOLOGY AND SCIENCE OF INFORMATICS

VOLUME 1, No. 2, 1983

- Editorial (B. Meyer) 78

Survey

- J.-L. LAURIERE
  Knowledge representation and use
  Part 2: Representations 79
- J. LENFANT
  Parallel memories and interconnection networks 103

Research

- D. SERET. O. MACCHI
  Optimal adaptive automata 111
- A. BELAID, G. MASINI
  Segmentation of line drawings for recognition and interpretation 121

- Book reviews 135
- Bulletin 138

COMPLETE VOLUME 1 CONTENTS

TECHNOLOGY AND SCIENCE OF INFORMATICS

VOLUME 1, No. 3, 1983

- Editorial (J. P. Finance) 142

Survey

- S. KRAKOWIAK
  Programming environments: concepts and implementations 143
- M. RAYNAL
  An analysis of the specification of interprocess cooperation by means of shared variables 157

Applications

- E. de DROUAS, J.-M. NERSON
  Software engineering environments: current trends in France 167

Research

- P. QUINTON
  Use of syntactic constraints for continuous speech recognition 189

Reports and Documents

- J. LENFANT
  Japanese computers: in the tracks of the car industry? 205
- J.-M. PENDIBIDU
  Thérèse: project description 209

- Book reviews: books on Ada (J. ANDRE, Y. JEGOU, M. RAYNAL) 213
- Bulletin 218

COMPLETE VOLUME 1 CONTENTS

TECHNOLOGY AND SCIENCE OF INFORMATICS

VOLUME 1, No. 4, 1983

- Editorial (E. Girard) 222

Survey

- H. BROZE, A. BRUFFAERTS, M. F. DECLERFAYT, E. HENIN, Ph. JAMART, M. LOBELLE, E. MILOGROM, P. VERBAETEN, Y. D. WILLEMS
  A critical assessment of the UNIX system 223

Applications

- P. COINTE
  A VLISP implementation of Smalltalk 233
- J. M. AYACHE, J. P. COURTIAT, M. DIAZ
  Protocol design and validation. Application to the REBUS network .. 249

Research

- B. MELESE
  METAL, a specification language for the MENTOR system 257
- J. J. CHABRIER, J. C. DERNIAME
  TYP: programming with abstract types 267
- J.-L. ALBIN, R. FERREOL
  Collection and analysis of software data 275

Reports and Documents

- A. BENSOUSSAN
  Software law 291
- J. DUCLOY
  National French support for research on software tools 295

- Book reviews 305
- Bulletin 306

COMPLETE VOLUME 1 CONTENTS

TECHNOLOGY AND SCIENCE OF INFORMATICS

VOLUME 1, No. 5, 1983

- Editorial (D. Potier) 308

Survey

- J.-M. HOC
  Psychological study of programming activity: a review 309

Applications

- A. BONNET, J. HARRY, J.-G. GANASCIA
  LITHO, an expert system in sub-surface geology 319

Research

- J. M. PIERREL
  Use of linguistic constraints for continuous speech understanding: the Myrtille II system 329

Reports and Documents

- H. FREEMAN
  Research directions in computer engineering
  Report of a workshop 347
- P. BERGER
  Programming without programmers, the thousand and one heads of the sea-serpent 357
- V. QUINT
  TITUS: a system for interactive editing of mathematical formulae .. 365
- J. ANDRE
  Analytical bibliography on text manipulation 369

- Book reviews 379
- Bulletin 383

COMPLETE VOLUME 1 CONTENTS

TECHNOLOGY AND SCIENCE OF INFORMATICS

VOLUME 1, No. 6, 1983

- Editorial (B. Meyer) 390

Survey

- A. van LAMSWEERDE
  Automating the production of application software: some insights. Part 1 391

Applications

- An interview with V. LESAOUT, by J. C. DERNIAME and P. BERGER
  Network standards at EDF-GDF. RETINA, Réseau Télé-Informatique National (National Teledata Network) 411

Research

- P. BOYER
  Degraded state latency in a gracefully degrading system 419

Reports and Documents

- DOD, US Department of Defense
  DOD software initiative. Software as an integral part of strategic and tactical capabilities 427
- G. BRASSARD
  Undecidable . . . of course! 435
- Bulletin 439
- Indexes for volume 1 (1983) 441
- Instructions for authors 442
